

Memorandum of Understanding

1. In taking on the role of the National Network (NN) for Finland within EU-MATHS-IN, the **Finnish National Network on Mathematical Modelling** agrees that it will actively support EU-MATHS-IN in pursuing its objectives as laid out in Article 3 and Article 4 of the EU-MATHS-IN Statutes. The NN will cooperate in the implementation of the activities of EU-MATHS-IN, according to its specific competencies.
2. EU-MATHS-IN will include the **Finnish National Network on Mathematical Modelling** in the projects that it initiates, in all cases where the NN wishes to be involved.
3. The **Finnish National Network on Mathematical Modelling** shall build its national network by contacting, in particular through the list of the ECMI nodes and the member society/ies of EMS in its country, all departments, centres, laboratories and other groups working in industrial mathematics.
4. The **Finnish National Network on Mathematical Modelling** is entitled to be represented at the Council of EU-MATHS-IN and its representative will have full voting rights. Each National Network's vote at the Council will carry the same weight.
5. The **Finnish National Network on Mathematical modelling** will decide its representative on the EU-MATHS-IN Council following an inclusive and democratic procedure and ensuring that all the nodes of its network have the appropriate participation in the decision.
6. The **Finnish National Network on Mathematical Modelling** is not liable for any obligations taken on by EU-MATHS-IN, unless EU-MATHS-IN and the NN enter into a contract for the implementation of a specific project.
7. The **Finnish National Network on Mathematical Modelling** will provide the Executive Board of EU-MATHS-IN with the following information and provide any updates on an annual basis or more frequently:
 - a short (one-page) description of the network, including the departments, centres, laboratories and other groups which are nodes of the network and plans to approach new groups;
 - the structure of the network, including the legal status of **Finnish national network on mathematical modelling**;
 - the procedure for appointing or electing the network's representative on the EU-MATHS-IN Council (and any deputy);
 - the name and contact details of the network's representative (and any deputy) on the EU-MATHS-IN Council;
 - links to the web site of the national network.

for EU-MATHS-IN

date 15.05.2017

for **Finnish national network
on mathematical modelling**
