

Tieteen suurhankkeet: Avoimet harjoittelu- ja työpaikat 10-11

Center	Deadline
ESRF (www.esrf.eu/Jobs)	
6-month traineeship within the Beamline Control Unit	January 2010
Graphical User Interface with PyQt	January 2010
Executive Officer (Human Resources)	25.1.2010
Technician (software)	17.1.2010
Technician (windows support)	10.1.2010
PhD Student (Ab initio study of transition metals under high pressure)	10.1.2010
PhD Student (Kinetic Crystallography to Probe for Catalytic Mechanism and Protein Loop Motions in Glycosyltransferases)	15.2.2010
PostDoc (Structure of Materials Group ID32)	10.1.2010
PostDoc (beamline ID10B)	31.1.2010
PostDoc (Experiments Division)	31.1.2010
PostDoc (high pressure beamline ID27)	24.1.2010
PostDoc (high pressure beamline ID27)	24.1.2010
Scientist (artnership for Soft Condensed Matter)	10.1.2010
Junior Scientist (beamline ID32)	10.1.2010
Technician (Partnership for Soft Condensed Matter)	10.1.2010
ESO (jobs.eso.org)	
Harjoitteluasioissa kysy paikkoja: erose@eso.org , sschmidt@eso.org	
Senior Contract Officer	15.1.2010
HR Manager for International Staff and Head of Internal Comm.	15.1.2010
ESA (www.esa.int/hr/vn.htm)	
Young graduate trainees	Nov/Dec. 2010
Student placements	November 2010
Postdoctoral research fellowships	All year round
Administrator	14.1.2010
Campaign Coordinator	18.1.2010
Science Archives Coordinator	18.1.2010
Operational Data and Calibration Engineer	18.1.2010
Herschel Uplink Validation Co-ordination Astronomer	18.1.2010
Data Processing System Architect	18.1.2010
Alphasat Senior Technical Demonstrator Payload Implementation Engineer	15.1.2010
Subsystem Propulsion Engineer	18.1..2010
Instruments Detection Chain Development & Performance Engineer	18.1.2010
Fracture Engineer	15.1.2010
Technology Lead Engineer	15.1.2010
Applications Engineer	18.1.2010
Head of the Awareness Section	18.1.2010
Secretary/Administrative Assistant	18.1.2010
Head of the Ground Systems Engineering Department	18.1.2010
Information and Communication Technology Engineer	18.1.2010

CERN (www.cern.ch/jobs)	
CERN summer student programme	27.1.2010
HIP summer student programme	31.1.2010
Fellowship Programme	4.3.2010
CERN Technical Student programme	5.3.2010
DOCTORAL STUDENT PROGRAMME	5.3.2010
CERN Openlab summer student programme	31.3.2010
Scientific Associateships:	15.3.2010
Corresponding Associateships:	15.10.2010
CERN Administrative student programme	All year round
Technician for Linac Radio Frequency Systems	January 2010
Technical Coordinator for the ENVISION project	January 2010
Applied Physicist	January 2010
Assistant(e) administratif(-ve)	January 2010
Technical Engineer in the radiation Protection	January 2010
Engineer or Physicist (Computing)	January 2010
Engineer (Computing)	January 2010
Electro-Mechanical Technical Engineer	January 2010
Physicist or Engineer (Computing)	January 2010
Administrative Assistant	January 2010
Technician	January 2010
Engineer or Physicist (Computing), Storage Administrator	January 2010
Engineer or Physicist -(Computing), Security Analyst	January 2010
Engineer or Physicist (Computing), Storage Administrator	January 2010
Administration Officer	January 2010
ITER (www.iter.org/Pages/Jobs.aspx , fusionforenergy.europa.eu/7_job_opportunities_en.htm)	
Summer student programme possibly released during spring 2010	
Cryogenic Interface Engineer - CEP-022	January 2010
Coil Power Supply/Distribution Sec. Leader CEP-025	January 2010
Hot Cell Integration Technical Engineer - CEP-112	January 2010
Fuelling Process Integration Tech. Engineer CEP-76	January 2010
Structural Analysis Technical Officer -CIE/PRO-050	January 2010
Senior Safety Analyst - CIE/PRO-041	January 2010
Technical Coordinator - FST-025	January 2010
Diagnostics Physicist - CHD-022	January 2010
Senior Magnet Coordinator - TKM-014	January 2010
